

VOL. XXV.

RENO WASHOE COUNTY, NEVADA. WEDNESDAY, MAY 2, 1888.

NO. 52.

Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Dr. King can make no mistake; he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at Hodgkinson & Co's Drug Store.

Unnecessary Misery.
Probably as much misery comes from habitual contempt of the functions of the body, as it is common to incur for the reason that no one likes to take the medicines usually prescribed. Hamborg Pigs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. Twenty five cents at all druggists. J. J. Mack & Co., proprietors.

A Sound Legal Opinion.
E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Biters with most happy results. My brother was also very low with Malaria Fever and Jaundice, but was cured by timely use of Electric Biters. Dr. J. D. Hodgkinson saved his life."

Mr. D. L. Wilcoxson of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Biters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c and \$1. at Hodgkinson & Co's.

The Outlook for Sheep Husbandry.
Hon. A. M. Garland in the Breeders' Gazette.

There is one phase of sheep husbandry which can be considered aside from the question of tariff, notwithstanding the importance of National legislation against foreign competition in the domestic wool market. The general tendency of prices is toward the minimum. This is an era of improvement; improvement not alone in quality of the articles produced, but improvement also in the processes and economies of production. Are the flock owners abreast with the times? Are they earnestly and intelligently seeking a solution of their embarrassment from low prices by economical production? No doubt a majority of them mean to do this, and there is every good reason for believing that some of them are successful. These latter are the men who have climbed out of the groove worn smooth by usages of the past, under conditions which have either passed away or have lost much of their wonted effort upon the country's markets. The men who are breeding for wool instead of grease; who are endeavoring to fill good-sized pens with fair-sized bodies, instead of folding them over little carcasses, who draw from the flock every low grade sheep as promptly as they pluck weeds from their grain crop, who contrive to get top prices for wool and mutton by always offering a prime article—these men (and there are such) are not the loud complainers against the existing unsatisfactory condition of affairs. Such men find a margin for profit—narrow it may be—and upon them we must depend for tiding our sheep husbandry through the depression of the present to that firm prosperity which it is destined to attain in the near future. As the prices of wool, and cotton, and iron, with other necessities of life, move downward, the economies of production need to be more closely looked after. With many flock owners this is a question of type of sheep. With a majority of them, however, it is a question of intelligent breeding and manipulation; breeding to secure the highest attainable perfection of carcass and covering; manipulation to effectually utilize all available natural resources, and to secure every possible advantage of the market for wool and mutton. Some are now leading the way, and their successes will encourage others; and soon along the higher plane the multitude will marshal for another onward movement, like the many which stand out in the history of sheep husbandry the world over.

I am not of those who see nothing but disaster to American sheep husbandry by reason of the existing tariff on foreign wools, and the improbability of such an increase as has been demanded by the wool growers of the country. Not that I am opposed to such increase in duty, but rather by reason of my faith in American pluck and intelligence. These have hitherto proven equal to every emergency, and we are quite certain to come out from the present depression with unchanged record. If the ultimate verdict of Congress is that no higher tariff is to be imposed—and this now seems quite probable—then some way will be found for maintaining sheep husbandry as an important factor in our farming economy, as I verily believe.

Instruction of the Throat and all lung troubles are well known and perfectly neatly used by Dr. F. Fryer's Abitinette Cough Balsam. (Contains o. Opium.) Price, 75 cents. Sold by W. Pinniger. All genuine Abitinette preparations bear the facsimile signature of Dr. F. Fryer.

MISCELLANEOUS.

EVERY NIGHT I SCRATCHED

Until the Skin was Raw. Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your utilized Remedies for me. After I had the skin all over my body, but thought nothing of it until some time later on, when I saw it was not gone, but had spread on, and which came on in layers, accompanied with itching. I would scratch every night, till I was raw and bleeding. I then did what I could. After I had done this, I never had any more to do with it. I saw an advertisement in the newspaper to buy your Cuticura Remedies, to all in my vicinity, and I began to notice that the scales, &c, gradually dropped off and disappeared. I again did what I could. After I had done this, I never had any more to do with it. I saw an advertisement in the newspaper to buy your Cuticura Remedies, to all in my vicinity, and I began to notice that the scales, &c, gradually dropped off and disappeared. The dispatches announce that the Supreme Court of the United States has decided the railroad tax cases, involving the contested taxes of 1884, 1885 and 1886. The decision, except on one point, does not, says the *Record-Union*, cover any important ground not traversed by the decision of two years ago. The question of the invasion of the Fourteenth Amendment was not taken up by the Court in the present decision, for the very good reason that it was disposed of in the former decision, the Court having settled conclusively the doctrine that a corporation is a person within the meaning of the amendment. The new point now decided—in the main case; four cases being before the Court—relates solely to the taxation of franchises. The former decision is practically affirmed, and it is added that the State Board of Equalization cannot include in its assessment property assessable by, and actually assessed by, counties; and that the franchises granted to railroads by the Federal Government are not taxable by the States. It is a singular fact that when Colonel Haymond presents the case before the United States Circuit Court he dwelt upon this latter as the leading point, but the Court ignored it, and now the Supreme Court adopts it as the pivotal point on which the case is made to turn. The decision clears the way to the proper assessment of railroad property, disposes forever of a great deal of contentious matter, and in sustaining the positions assumed by the railroads effectually disposes of subjects that have been availed of for political capital to the injury of material interests of the people.

The young men of Carson have organized a Republican club and propose to have something to say in the coming campaign. This is just what the young men of Reno should do. Let there be organizations throughout the State. The politics not only of this State, but of the nation, needs infused into it young and new blood. It was the young men who rallied to the standard of Blaine and would do so again; it is the young men who hurrah for Foraker and wave their hats when Alger passes by. No Republican candidate for President that does not, and can not, enlist the enthusiastic support of the young men of the country, can expect to win in the coming campaign. Reno's club of young men six years ago, under the leadership of George Cook, was a power in this county, and there is no reason why a similar club of equal influence cannot be organized here this year.

The very best men in the State of Nevada are aspirants this year for the position of delegates to the National Republican Convention. Among these are the names of Powning, Williams, Sharpe, Hamilton, Jones, Stewart, Bissell, George, Bickey, Blossom, Wenbo, Mudge, Foley, Bender, Robinson, and possibly others. The sentiment in Nevada certainly is that there will be a change in the Administration and every ambitious Republican wants to be in with the powers that are to be.

The Republicans in western Nevada are pleased over the action of the party in Washoe county at the primaries last Saturday. As it now stands, Washoe county is for Washoe people as against the rest of the world.

CALIFORNIA REPUBLICANS.

Proceedings of Their Convention in Sacramento Yesterday.

SACRAMENTO, May 1.—The Republican State Convention was called to order in the Assembly Chamber at 3 o'clock this afternoon by ex-Senator Williams, Chairman of the State Central Committee. He made a brief speech congratulating the party on the harmony in its ranks in the State and Union, and said the coming election was more important than any held since 1880.

Hon. M. M. Estee of Napa was elected temporary Chairman of the Convention. He said the issues of the canvass were already mapped out, the Republican party accepting the side of the laboring class against the Democracy and its expressed cause, free trade.

Delegates Finlayson of Los Angeles nominated Frank D. Ryan of Sacramento for temporary Secretary of the Convention. The nomination was seconded by Marcus D. Bruck.

Wissner of Solano introduced a resolution that all resolutions touching on political issues be referred to the proper committee without debate.

Knight of San Francisco said there was an electoral current running through the State, and that the man who had once been the party's standard-bearer, and who for twelve years had been its recognized leader, and he didn't wish to see such resolutions smothered in the committee rooms. [Applause.] Wissner, defending his resolution, said he believed Blaine would be the next President [applause], but in view of his loss of the roadmaster, he was on the car and was badly injured. He was taken to Halleck.

Fighting Cox & Clark. Judge Keyser is in Orovile, holding Court for Judge Freer of Butte county.

The case which he has gone up to hear is that of Mrs. Eleanor Murdoch vs. Cox & Clark, who held a mortgage on some land owned by her husband previous to his death in 1875. After some litigation in Lassen county, where the property is located, she secured it by a Court order on paying a sum of money. The defendants appealed and secured another trial before Judge Hundley, who decided in her favor. They then obtained a second trial, and it is now being heard by Judge Keyser.—Marysville Appeal, May 1.

The convention reassembled at 7 o'clock. The report of the Committee on Permanent Organization was adopted. M. M. Estee was chosen Permanent Chairman. A resolution was adopted that the next State Central Committee meet next Friday in San Francisco to permanently organize the party. It will devolve upon them to call another State Convention to nominate eight Presidential Electors, eight alternates, a Chief Justice of the Supreme Court of California, and then divide into Congressional districts and nominate six Congressmen.

Under the Wheels. SAN LUIS OBISPO, May 2.—Henry Cook, a passenger on the Pacific Coast excursion train, going south from this city yesterday morning, while endeavoring to alight at a San Marcos station, struck a sharp iron bell under the car, and had his left leg nearly severed at the knee. The leg was immediately amputated. Cook is a drug clerk, aged nineteen. His father, G. C. Cook, resides in San Francisco.

The Great Strike Declared Lost. CHICAGO, May 1.—It is reported tonight that the great strike on the C. B. & Q. railway has been declared off. The statement is that at a meeting of the leaders here to-day it was decided to let the strike go on, and that the General Grievance Committee should be convened without delay and formally make such declaration.

Before Chief Justice Arthur left for Carson to-night he was asked about the reports, but declined to talk.

Honor to Carnot. PARIS, May 2.—The municipal authorities of Rooselte gave a banquet in honor of President Carnot last evening, and the President started from Rooselte for Paris this morning. A crowd gathered at the station and greeted him with hearty acclamations. The Republican League of Action has been instituted. M. Languerre is President.

Wholesale Saloon Closing. PITTSBURG, May 2.—At 12 o'clock last night the Brooks liquor law went into practical operation, and 502 saloons out of 727 in this city closed up, maybe never to be reopened. In Alleghany county there were 1,551 applications for licenses, but only 485 were granted.

Chinese Shut Out. MELBOURNE, May 2.—The steamer Afghan, from Hongkong, brought 238 Chinese immigrants to be landed here. The government, however, forbade the landing of the immigrants and quarantined the vessel, refusing to recognize the naturalization papers of the Chinamen.

A Georgia Negro Lynched. ATLANTA, May 2.—Henry Pope, a negro, under sentence of death for an outrageous assault, was last night taken from the jail at Summerville by a mob and hanged. Pope had received a new respite last Saturday.

Pardon Wanted for Anarchists. CHICAGO, May 2.—A petition to Governor Oglesby for the pardoning of the anarchists—Fleiden, Schwab and Nease—has been circulated the past few days. It is said to have received thousands of signatures.

The Emperor Worse. LONDON, May 2.—A dispatch from Berlin says the Emperor passed a sleepless night and his fever has increased.

A bulletin issued this morning says: The Emperor passed a less satisfactory night. His fever has slightly increased, but otherwise there is no material change in his condition.

Clara Belle's Tribulations. SAN FRANCISCO, May 1.—A few days ago Clara Belle McDonald left San Francisco very suddenly to visit the home of her parents in Nevada, and failed to obtain the permission of her husband or the Court to take her child with her. At the instigation of R. H. McDonald Jr., an order was issued by Judge Hunt, to show cause why she had taken the baby out of the State contrary to the order of the

Court. Yesterday afternoon the case was called. Mrs. McDonald was sworn as a witness. She testified that on last Monday night she received a dispatch from Carson stating that her brother had been killed in a railroad accident and asked her to return home at once. The train left the city the following morning, and there was nobody with whom she could consult. She, however, wrote to her husband, telling him of the receipt of the dispatch and the necessity of her departure. The Court held that she had not been guilty of contempt.

DASHED TO DEATH.

A Frightful Accident on the Railroad Near Elko.

A press dispatch dated Elko, April 30, says: The same locomotive that ran off the track at Winnemucca on Saturday ran into a handcar about 5 o'clock, eighteen miles east of Elko, and killed two section men and seriously wounded several others. The engine was running light, and while turning a curve ran into the car. The bodies of the dead men were brought here; also those of the wounded. An inquest will be held at 10 o'clock tomorrow morning. The engineer is one of the most careful on the road, and the locomotive has a steam bell, which was ringing at the time of the accident. The men were all white men, no Chinamen being employed on that section. The engineer, the roadmaster, was on the car and was badly injured. He was taken to Halleck.

A Correction.

As Postmaster Goodman does quadruple the amount of business quarterly in the Postoffice hereabove that at Reno, his office should be rated as first-class, whereas now it is on the third-class list.—Virginia Chronicle.

The reports of the offices do not show any such state of facts; the Reno office being a terminal office it has to work up the registry and handle the mail of all Western Nevada, as well as that of Plumas, Modoc, Sierra and Lassen counties, California; in fact the Reno office does gratuitously more work, for which it gets no credit, than the Virginia office and all the other offices in the State put together.

Nipped in the Bud.

It is not better to nip consumption, the greatest scourge of humanity, in the bud, than to try and stay it in the grave. A few doses of California's most useful production, Santa Abie, the king of consumption, will relieve, and a thorough treatment will cure. As a start, too often the forerunner of consumption, will be cured by California Cat-R-Cure. These remedies are sold and fully warranted by Dr. Auburn & Shoemaker at \$1, or three for \$2.50.

For present Diseases and Complaints, Dr. Auburn & Shoemaker's Troches, like all really good things, are initiated. The genuine are sold only in boxes.

NEVADA LAND MATTERS.

A Half Million Dollars Added to the School Fund—What Land Agent Young Has Been Doing For Nevada.

The following is found among the Pacific Coast dispatches to the S. F. Chronicle of April 28:

"The Commissioner of the General Land Office has submitted his report to the Secretary of the Interior for his approval of certain lands in the Carson City (Nev.) land district aggregating 128,226 acres, granted to that State for school purposes under the Act of June 16, 1880."

A short time ago there were approved also 20,000 acres, making in all within the past year over 200,000 acres of land approved to the State. Mr. Young says that he has just received a letter from Washington to the effect that within the next two weeks there will be approved to the State about 200,000 other acres in the Eureka district. In all this will make about 400,000 acres approved to the State since Young's appointment to this office. By reason of these approvals there will be accredited to the school fund of this State over \$500,000. At six per cent interest, the amount of the deferred payments draw, there would be an increase to Nevada's school fund of \$30,000 annually. The work of the General Land Office is now brought up to April 1, 1887. For about three years previous to Mr. Young's appointment it will be remembered that there had not been an acre of land approved to the State.

RIPARIAN RIGHTS.

A Question Brought With Great Interest to Nevada Ranchers.

The Supreme Court of California has affirmed the judgment of the lower Court in the case of Heilbron and others against the Centerville and Kingsbury Irrigation Company. This was a suit brought by the plaintiff to restrain the defendants from diverting the waters of King river, California, and for damages for former diversions of said waters from the stream thirty miles above the ranches of defendants.

This establishes the riparian rights doctrine in California, where until recently the right of appropriations was undisputed.

The GAZETTE acknowledges the receipt from L. M. Hall, of an invitation to attend the twelfth field day of the University of California, which will take place at Berkley, May 1888.

In alluding to the Laramarsing bridge controversy the Enterprise says: "If Washoe is waiting for Storey to pay that \$800 before it pays its \$1,000, Architect Curtis, who abhors competition in bids, is in a bad boat."

The Prohibitionists of Ormby county do not intend to take any active part in politics beyond endeavoring to secure temperance candidates for city and county offices, and this is from the best authority.

The doctrine of riparian ownership, as established by the common law, is that the owners of land on the banks of a stream are entitled to have the waters flow through their lands, and if taken therefrom it must be returned to its channel undiminished in quantity and unpoluted in quality.—Silver State.

TEMPERANCE ALLIANCE.

Proceedings of Convention Recently Held in Reno.

The Temperance Convention, consisting of thirty-six delegates from various parts of the State representing the different religious and temperance organizations, met in the Methodist Episcopal Church, Reno, on the 1st instant, for the purpose of organizing a State Temperance Alliance.

Permanent organization was effected by the election of Rev. W. V. Van Deventer of Carson, President, Rev. C. L. Fisher, Mrs. Wm. Webber and Mrs. George Vice-Presidents, Rev. T. Magill, Secretary and Mrs. C. M. Fassett Treasurer.

A Constitution was adopted by the Alliance, and various resolutions passed settling forth the evils of intemperance, the sale of cigarettes to minors, desecration of the Sabbath, and the dissemination of obscene pictures and literature, and asking from the authorities the enforcement of the existing laws of the State for the suppression of these evils. The time and place fixed for the holding of the next annual meeting was the first Tuesday of May, 1889, at Carson.

A resolution was passed expressing the thanks of the Association to the people of Reno for kindly entertaining its members, also to the V. & T. R. R., the C. & C. R. R. and the Genoa Stage Line for reduced fares.

Three hundred copies of the minutes were ordered to be printed and distributed.

Stirring addresses were delivered at the evening session by the President, Rev. E. W. Van Deventer, and Rev. J. W. Henry of Wadsworth, after which the Alliance adjourned.

Racing Stock Going East.

This morning Dan McCarthy of San Francisco passed through en route eastward, having in charge thirteen of his famous race horses, Todd, the winner of the Derby at Chicago, Adelaine, a famous mare, and Ella S., a four-year-old, with the Genoa Stage Line for reduced fares.

Relief for the Reno Postoffice.

It is not quite true that General Hagerman has been officially notified that the Reno postoffice has been changed from a third-rate to a second-rate office. Senator Stewart, who has been assiduously at work to get relief for our postmaster for a great deal of extra work in separating mail and registry matter for the rest of the State, has sent to General Hagerman a personal telegram which reads as follows:

"Just presented your letter to the Postmaster-General. He says you shall receive relief in some form without delay."

BREVITIES.

Local and General Intelligence.

All trains reported on time to-night. Justice Young's docket scored another blank to-day.

Work on Tim Keefe's new hotel is being rapidly prosecuted.

John Mackay and Senator Fair returned to San Francisco last night.

A mail route is to be established between Winnemucca and Drewry, Oregon.

Weather prediction for to-morrow: Generally fair weather; warmer.

Mr. E. F. Verill of San Francisco is visiting her sister, Mrs. May Greenlaw.

It is reported that Mrs. Ordway to-day sold the Avon hotel property to Colorado parties for \$5,500.

Rev. G. W. DeLaMater of Reno will shortly take charge of the M. E. Church at Independence, Cal.

The funeral of Dr. A. C. Bishop, who died recently in Montana, will take place to-morrow at 2 o'clock P. M.

Nye county's assessment roll is expected to foot up between nine hundred thousand and one million dollars.

The Buckeye Gold and Silver Mining Company has levied an assessment of one cent a share, delinquent July 7th.

Staged Monday began making regular trips between Truckee and Lake Tahoe, connecting with the steamer Goodwin.

The attention of cigarette smokers is called to the advertisement of W. S. Kimball & Co. of New York, which appears in this issue.

The minimum temperature recorded at the University last night was 25.6 degrees. This is 6.4 degrees below the freezing point.

Conductor Joseph McCormack has returned to his post of duty on the passenger train, and J. J. Bray returns to the local train.

Miss Laura B. Griffiths of Belmont and who gave an eloquent entertainment here about two years ago, was a passenger for the Bay last evening.

The GAZETTE acknowledges the receipt of a sack of vegetable seeds from Senator Jones, and will be pleased to furnish those who wish to plant a "garden patch."

That Roberta cured of deafness, Many more cases could be referred to but space forbids. Those wishing to see the Doctor should do so once as he will remain in Reno until May 7th only.

Dr. Prentiss.

Dr. Prentiss is now in Reno at the Lake House, where he will remain for one week only, until May 7th. When here last year he straightened a great many cross-eyes, which have remained perfect. He performs the operation so neatly that he causes practically no pain. It never requires the doctor a minute to straighten an eye. His success with diseases of the eye and ear when here last was so remarkable that it ought to gain the confidence of all persons afflicted with any of these diseases. Many of the people treated last by Dr. Prentiss were prominent citizens and do not wish to have their names appear in public. The following are a few who have given us permission to mention their names:

George Kelfer, both eyes crossed, were straightened in less than one minute. His photographs before and after the operation were taken at the Lake House.

Also, James Coutin, cross-eyed 15 years, made straight in 30 seconds. John Corbin, cross-eyed, made straight. Miss J. Elkin made handsome in 45 seconds.

SHE SAID SHE WOULD SCREAM.

Fearing of the remarkable operations being daily performed by Dr. Prentiss, our reporter called upon him and arrived just in time to be introduced to Miss Agnes Reedy, whose mother lives on the corner of 19th and Eureka streets. The Doctor was about to straighten her right eye, which turned outward instead of inward. The young lady emphatically declared to Dr. Prentiss that she would scream just as hard as she could. She failed to scream, as the operation was successfully accomplished before she was aware of the fact. The time was forty-five seconds by our reporter's watch. Upon arising from her chair Miss Reedy exclaimed, "Why, I would rather have my eye straightened again than have a tooth pulled."

DEAFNESS CURED.

Madame Emma Seaman, the widow of the late Baron H. Seaman, has been deaf for some time; could not hear a watch when pressed hard against the ear. She has been under Dr. Prentiss's treatment for only two weeks, and can now hear the same watch three feet from the ear. She is not only delighted but greatly astonished at the speedy and perfect results of Dr. Prentiss's treatment. The Doctor says that the cause of the deafness was castar of the internal ear. Mrs. Seaman will be pleased to answer any questions concerning her case at 132 Fourth St., Reno.
